Experience

Teravision PH

Front End Developer Intern

Quezon City, Philippines

November 2022 – December 2022

- Assisted the development team in creating responsive and visually appealing websites that were optimized for performance and user experience.
- Contributed to the design and development of website templates, wireframes, and mockups using HTML, CSS, and JavaScript, and React, resulting in high-quality deliverables.
- Assisted in the training of new interns on web development best practices, coding techniques, and software tools, helping them to acquire the skills necessary to contribute effectively to the team's projects.

Quicksort

Co-founder / Full Stack Developer

Davao City, Philippines

August 2023 – Present

- Lead a dynamic team of developers in delivering customized software solutions and managing social media marketing projects.
- Proficient in website design, front-end, and back-end development, ensuring high-quality deliverables.
- Actively manage projects from conception to delivery, overseeing the entire development process and ensuring timely completion.
- Collaborating closely with potential clients to understand their needs and provide tailored software and marketing solutions.
- Actively seeking out and onboard new clients to expand the company's portfolio and drive business growth.
